KHURSHED KHAN

Senior Front End Developer

Dubai, UAE | +971 559553204 | Khurshedkhan52@gmail.com | Website | LinkedIn

PROFESSIONAL SUMMARY

Senior Frontend Developer with 9+ years of experience building scalable, high-performance applications, specializing in FinTech, Forex/CFD trading platforms, and real-time systems. Strong expertise in React.js, Next.js, TypeScript, Angular, and Vue.js, with hands-on full-stack development experience using Node.js, Express.js, PostgreSQL, Prisma ORM, Redis, and BullMQ. Experienced in secure API integration, AI-powered solutions using the Gemini API, interactive dashboards, Mapbox, Video.js, and government applications aligned with UAE TDRA standards.

TECHNICAL SKILLS

Frontend Technologies	React.js, Next.js, TypeScript, JavaScript (ES6+), Angular, Vue.js, Redux, TanStack Query (React Query), Context API, Ember.js, HTML5, CSS3
UI Frameworks	Tailwind CSS, Bootstrap, Angular Material, Ant Design
Data Visualization & GIS	Highcharts, Recharts, Mapbox, Video.js, Real-Time Monitoring
Backend & API Development	Node.js, Express.js, REST APIs, PostgreSQL, Prisma ORM, Redis, BullMQ, WebSockets
AI & LLM Integration	Gemini API, Secure LLM Integration, Prompt Engineering, Generative AI Integration
Quality & Security	Playwright, WCAG 2.1 AA, UAE TDRA, CSP, XSS/CSRF Mitigation, Cross-Browser Testing
Tools & Technologies	Git, GitHub, MongoDB, Figma, Webpack
Soft Skills	Complex Problem Solving, Agile/Scrum, Mentorship

PROFESSIONAL EXPERIENCE

Senior Frontend Developer | **Trive International, Dubai** — **October 2025 — Present**

- Lead frontend architecture and development of **Forex/CFD trading platforms** supporting thousands of active traders, using React.js, Next.js, and TypeScript.
- Architected a library of **20+ reusable components**, significantly cutting new feature development time.
- Built real-time trading and monitoring dashboards handling high-frequency WebSocket updates with minimal latency.
- Reduced page load time by **40%** through code-splitting, lazy loading, and bundle optimization.
- Lead frontend technical decisions for a team of **3-5 developers**, including code review standards and architecture reviews.
- Partnered directly with product and backend teams to ship new features on a regular release cycle, integrating **REST and WebSocket APIs** for live market data.

Senior Frontend Developer | **CPT Markets, Dubai** — **March 2021 — September 2025**

- Developed and maintained **global trading platforms** using React.js, Next.js, Vue.js, and TypeScript.
- Built **real-time dashboards, GIS maps, and video interfaces** using Highcharts, Mapbox, and Video.js.
- Delivered **multilingual Arabic and English experiences** using i18n for international users and regional markets.
- Integrated **REST APIs, WebSockets, and financial systems** for live prices and account workflows.
- Built reusable UI components, mentored junior developers, and partnered with UX and backend teams to improve **delivery speed and code quality**.

Frontend Developer | **Micro Pro LLC — General Authority of Sports, Dubai** — **February 2017 — February 2021**

- Developed responsive, accessible, and interactive **government web applications** using Angular, TypeScript, JavaScript, HTML5, and CSS3.
- Implemented multilingual **Arabic (RTL) and English (LTR) interfaces**, ensuring consistent layouts, typography, and user experience across languages.
- Delivered accessible **WCAG 2.1 AA and UAE TDRA-aligned government interfaces**.
- Applied **CSP and XSS/CSRF mitigation** while integrating REST APIs for secure government applications.
- Optimized frontend performance, cross-browser compatibility, and **reusable Angular components** to improve application quality and maintainability.

EDUCATION

Bachelor of Technology (B.Tech)
Computer Science & Engineering
Sabarmati University, Ahmedabad, India
2011 — 2015

Languages	English, Hindi
Nationality	Indian

Project Summary

01 TradePro — AI-Powered Trading Platform

Full-Stack Developer | FinTech & AI Integration

Visit Link | GitHub

RESPONSIBILITIES

- Designed and developed responsive trading dashboards and financial data visualizations using Next.js, React.js, TypeScript, Recharts, Tailwind CSS, and Ant Design, integrating live market data APIs for real-time prices and currency exchange rates.
- Developed full-stack trading application features using Node.js, Express.js, Prisma ORM, and PostgreSQL, building REST APIs and integrating frontend and backend workflows.
- Implemented secure authentication, customer onboarding, and trading account management, including Veriff KYC integration, identity verification workflows, and customer profile management.
- Developed multi-currency financial transaction modules for deposits, withdrawals, internal transfers, balance tracking, and currency conversion, including transaction lifecycle management.
- Built an AI-powered trading assistant using the Gemini API, enabling users to query account balances, transaction history, and withdrawal statuses through a conversational interface.
- Built a secure Node.js AI proxy that handles user-specific financial requests locally and uses Gemini only for sanitized public market and trading queries.
- Developed financial reporting modules with advanced filtering, server-side pagination, and transaction history, while building reusable React components, custom hooks, and type-safe API service layers for maintainability and scalability.

TECH STACK

Frontend:	Next.js, React.js, TypeScript, JavaScript, Tailwind CSS, Ant Design, Recharts
Backend & Database:	Node.js, Express.js, Prisma ORM, PostgreSQL
Integrations:	REST APIs, Live Market Data APIs, Veriff (KYC), Stripe, Currency Exchange APIs
AI & Secure Proxy:	Gemini API, Conversational AI, Secure Node.js AI Proxy, Sanitized Query Routing
Tools & Architecture:	Git, GitHub, Postman, Custom React Hooks, Component-Based Architecture, Server-Side Pagination

RESPONSIBILITIES

- Developed responsive and scalable user interfaces using Angular, TypeScript, and Ant Design.
- Built secure user registration, authentication, KYC verification, and client profile management modules.
- Integrated payment service providers (PSPs) to support secure wallet deposits, withdrawals, and transaction processing.
- Managed application state using NgRx for user sessions and trading workflows.
- Collaborated with backend developers to integrate REST APIs for MetaTrader 4 (MT4), MetaTrader 5 (MT5), and real-time client account management.

TECH STACK

Angular | TypeScript | NgRx | Ant Design | PSP Integration

03 CPT Markets

Senior Front End Developer

RESPONSIBILITIES

- Developed responsive, SEO-friendly web pages using Vue.js and Nuxt.js.
- Built reusable UI components and managed application state with Pinia.
- Collaborated with UI/UX designers to convert Figma designs into pixel-perfect, cross-browser compatible interfaces.
- Integrated REST APIs, Mapbox-powered mapping, and Video.js features for dynamic market data and interactive monitoring.
- Improved website performance and responsiveness while implementing SEO best practices.

TECH STACK

Vue.js | Nuxt.js | Mapbox | Video.js | Figma | Pinia
